Idle Tonnage Instead of Making Charters.

freight in the world this winter probsian relief bill, signed last week by President Harding, \$20,000,000 in corn, sed grain and preserved milk will be American vessels, and word from shington regarding which com-ies will get the business is awaited

anxiously.

Local shipping men have calculated that about thirty shiploads a month for three months will be required to transport the supplies. Shipping Board and private American lines operating to Baltic ports hope to get most of the carrying, as the principal ports of entry to Russia now are Riga and Revel, both of which have grain elevators and convenient railroad facilities, and are open in the winter. Petrograd is closed. It has been pointed out that as the Russian supplies will go entirely as bulk cargoes any American company with

Growers Undersell Egyptian Product, He Reports.

E. J. McCormack of Moore & McCormack, back from a trip to the Pacific coast, said that the remarkable activity of the farming districts of California soon would be reflected in better business for steamship companies operating from the coast. He spoke particularly of the development of long staple cotton farming in the Imperial Valley. While he was there \$,000 bales of the cotton were sold to Liverpool interests in competition with Egyptian cotton growers and shipped out of San Diego. The local cotton men were highly elated, said Mr. McCormack.

were sold to Liverpool interests in competition with Egyptian cotton growers and shipped out of San Diego. The local cotton men were highly clated, said Mr. McCormack.

\$28,000.000 BULLION RECOVERED FROM SEA

Was Sunk With Liner Laurentic on Irish Coast.

London, Dec. 25.—Nearly \$28,000,000 worth of bullion has been recovered from the liner Laurentic, which was sunk in January, 1917, off the north coast of freland by a German submarine. Operations have been suspended for the winter, but they will be resumed again in the spring, when an effort will be made to recover the remaining \$10,000,000 to \$15,000,000 worth of bullion which is said to be still at the bottom of the sea.

tom of the sea.
Great difficulties have been encoun Great difficulties have been encountered by the salvage crew, for after three years pounding by the Atlantic swells the liner has been transformed into a heap of twisted debris. Her decks, which settled down on the sea bottom, cover an area of several hundred feet. The wreck was practically covered with gravel and slit, as it is in a position in which it received the full force of the Atlantic gales.

This obstruction had to be removed as far as possible, by powerful pumps placed in position by the divers, as the gold was at the bottom of the huge mass of wreckage.

DUTCH SAFEGUARD THRONE.

Successor of German Prince Made

Impossible.

AMSTERDAM, Dec. 26.—The Second Chamber of Parliament has adopted the bill settling the question of the succession to the throne of the Netherlands. It will no longer be possible for a German prince to ascend the Dutch throne in case of the death of Princess Juliana, the succession being limited to collateral relatives of Queen Wilhelmins ig the degree of uncle, aunt or cousin. The measure opens the rossibility of a referendum on the question of the preservation of the monarchy or the foundation of a republic.

convenient railroad facilities, and are open in the winter. Petrograd is closed. It has been pointed out that as the Russian supplies will go entirely as bulk cargoes any American company with idle tonnage would be eligible theoretically, or the Shipping Board might withdraw sixty of its laid up vessels and take care of the transportation on its own account. Hence there is some trepidation among the regular Baltic lines.

The benefit to American shipping and marine workers to accrue from the legislation has been commented on by H. H. Raymond, president of the Clyde-Mallory lines and of the American Steamship Owners Association. He said:

"Hundreds of American ships and thousands of officers and men are now idle. Most of these officers and many seamen have been out of work for months and undoubtedly need relief as keenly as the unfortunate Russian poasantry.

"Congress has done its duty by requiring in the law that the relief commodities to be purchased under the authority of the President shall be transported to their destination in vessels of the United States, either those privately owned or owned by the United States Shipping Board. This relief measure, therefore, will prove a boon not only to the Russians but to a considerable number of our own seafaring countrymen."

but—
Here the Fairy Godmother came in and, waving her wand, said she was endowed with the power to restore all the wrecked toys and other good things. That's what she did, and the long faces of the children broadened with grins and all got their presents after all.

COMMUNIST 'COMRADE' GIVES WAY TO 'CITIZEN'

Salutation Deemed Almost Insult.

More generally used at present is the word "Grazdanin," meaning "citizen," the form of address being after the model of the French Revolution, persons being addressed as "Citizen Krassin," &c. The old Russian word "Gospodin," meaning "Mister," has fallen into general disuse.

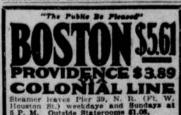

EMBREE LEAVES SHIP BOARD.

E. E. Embree has resigned as conference secretary for the Shipping Board, and beginning January 1 will be with the bond department of Hambleton & Co., 43 Exchange place. Mr. Embree has become widely known among New York shipping men in his eighteen months of service at 45 Broadway.

Notice to Owners, Agents and Ship Masters.

The Herald publishes daily reports of the positions of merchant vessels received through the United States Naval Communication Service. Ship masters of vessels with radio apparatus of vessels with radio apparatus may, without charge, report their (TR) noon positions through the following naval radio stations in the United States proper: Bar Harbor, Me. (Ottercliffes); Amagansett, L. I.; Cape May, N. J.; Norfolk, Va.; Cape Hatteras, N. C.; Jupiter, Fla.; Key West, Fla.; New Orleans, La. These position (TR) reports must be addressed only to the radio station called, and they will be forwarded to New York. It is important that these reports should be sent promptly at noon each day in order that they will be received in time for publication.
